

NOVEMBER - DECEMBER 2009 WEBSITE REPORT

ANNEX

GIVING BACK TO OUR COMMUNITY THIS HOLIDAY SEASON

I would like to personally thank ALL the membership of the Annex for coming through to help support the four [4] Families we sponsored through the Unemployed Help Center. We were able to provide all the children almost everything on their Santa lists as well as providing each family with a Turkey and everything they need for a Holiday meal.

The Annex Community Outreach was also able to donate more than \$600 worth of food along with all our non perishable food items collected within our plant for the Unemployed Help Center.

I would also like to thank the Annex Stock Department 8638 for also sponsoring a family this Holiday Season. Through their coffee fund and donations they were able to support a family through a local community Church and provide over \$400 of relief for a family struggling during these tough economic times.

It makes me proud to be a part of such a caring and giving work force within the Annex.

THANKS TO YOU, CARING FAMILIES IN OUR COMMUNITY RECEIVED A HAND UP THIS HOLIDAY SEASON – NOT A HAND OUT!

ACHIEVEMENTS FOR OUR HEAD MACHINING TEAM

Congratulations to Departments 8651 & 8653 for all their hard work this past year. We worked hard to overcome some obstacles throughout the year to maintain our Quality and Build Schedule. I am Proud to say that after our All Up Meetings held in December the data was announced that our Head Machining Department produced over 60JPH on average for a five [5] week period in machining [60.1 JPH Average] and our Head and Cam was at a [64.9 JPH Average] over the five [5] week period.

GREAT WORK DONE BY ALL – THIS IS THE POSITIVE ATTENTION OUR PLANT DESERVES!

WEP MEETS 2009 ENGINE BUILD SCHEDULE

I would like to congratulate ALL the Production, Trades, Union and Management who help support the WEP Engine Build Schedule for WEP in 2009. Without everyone doing their jobs this Milestone achievement would not be possible. This is the attention the Windsor site needs when seeking New Work opportunities.

ELECTRONIC COMMUNICATION BOARD

Most of you have already noticed the TV like screen Communication Board located outside the main entrance to the canteen. This screen will have current events, meetings and achievements posted regularly. This Communication Board was bargained as a means to better communicate to the entire membership of the Annex. Please view this board often as information changes will occur regularly.

HELPING KEEP THE MEMBERSHIP OF THE ANNEX UP TO DATE WITH INFORMATION IN THIS FAST PACED WORLD!

MIKE VINCE TO REPLACE ALEX KEENEY

I am sure most of you have heard the news that Mike Vince our current President of Local 200 has decided to replace Alex Keeney as CAW National Representative. I would like to thank Mike for his contribution to our Local and wish him the best in his new job.

As per our Local By-Laws 1st Vice President Dan Cassady will take over as President effective January 4, 2010 for the remainder of the term. I would also like to wish Dan all the best in his new job as Local 200 President. As a member of our Executive Board and Master Bargaining Committee I look forward to working with Dan in his new position to help unite our Local together during these changing times.

HAPPY NEW YEAR TO ALL – THE ANNEX MOTORS ON!

Chris Moynahan
